

A man in a dark suit and yellow tie is standing on a stage, gesturing with his hands while speaking. He is facing a large, dimly lit audience seated in a hall. The stage is illuminated by a spotlight, and the audience is mostly in shadow. The background shows the structure of the hall with vertical pillars and overhead lights.

THE INFLUENCE EXPERT

When asked what having high influence actually felt like, Anton realised true leadership influence couldn't be left to chance. To unpack its mechanics, he interviewed over 200 billionaires, business owners, and executive leaders on his podcast “**Leaders of Influence**”.

Synthesising these insights with **20+ years of business experience** and formal qualifications in Psychology, HR, Engineering, and Leadership, Anton developed his field-tested frameworks: Speak Safe®, Leadership Under Pressure, Leadership is Language, and the Impactful Influence Triad (Credibility, Clarity, and Care).

WHAT MAKES ANTON UNIQUE IN THE INFLUENCE SPACE?

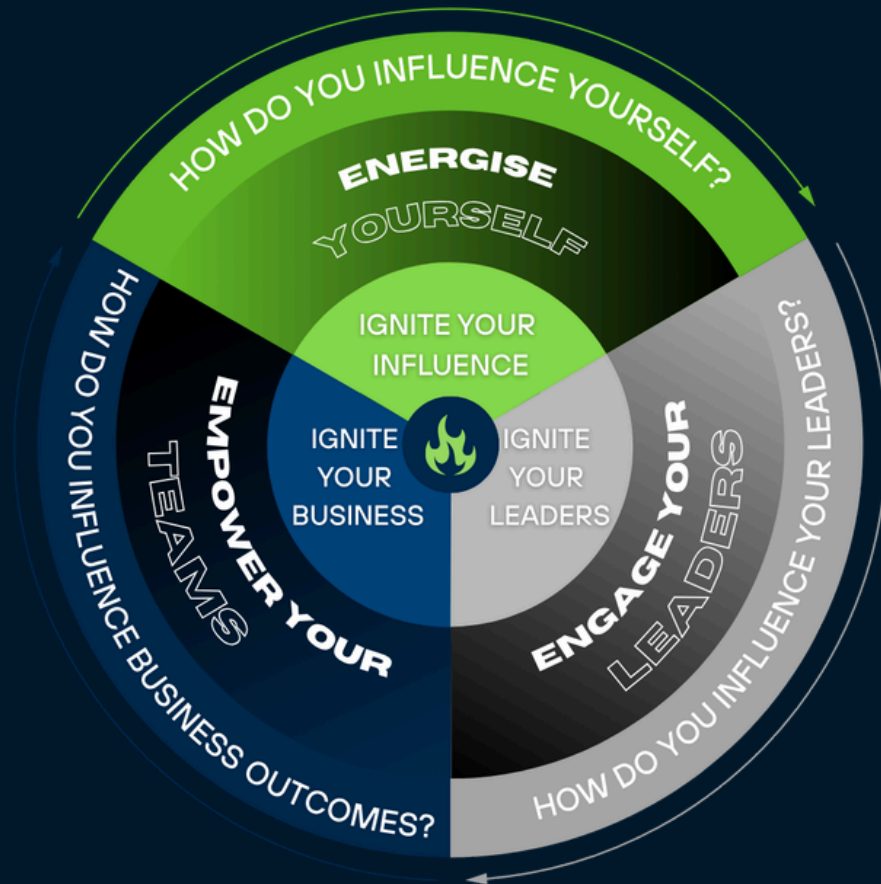

Anton doesn't simply inspire people — he systematically changes workplace behaviour.

Bridging technical rigour with human psychology, he speaks fluently to everyone from shop-floor workers to C-suite executives.

His keynotes combine high-stakes storytelling with live audience interaction, replacing temporary motivation with practical, daily tools attendees can implement on day one.
